

What's on...

3 July – Amphibian and Reptile Project training day (10am -4pm)

Learn how to identify and monitor newts, slow worms and other reptiles and amphibians with David O'Brien. Meet in the **Community Room, Lochinver Village Hall**, for a quick presentation before going out to try and see them in their natural habitat. Please bring waterproofs, good sturdy shoes/boots and packed lunch/snack.

4 July – Walk an old route along the south side of Quinag (11am-1pm)

Explore the wildlife and plants with local naturalist Ian Evans. Meet at layby on A837, grid ref. NC202260. Please bring waterproofs, good sturdy shoes/boots and packed lunch/snack.

5 July and 9 August – Conservation work days (10:30am-4pm)

Come and volunteer on Quinag doing essential footpath work and learn some new skills. Training will be provided by the John Muir Trust's footpath officer Chris Goodman. Meet at Quinag car park grid ref NC233274. Please bring waterproofs, good sturdy shoes/boots, work gloves and packed lunch/snack.
